

Field Manpower — Capped at ₹20,000 per Person

ILLUSTRATIVE

State Sports Command Center · 15 centers · 16 personnel · Department of Sports, Government of Jharkhand

₹19,976 All-in cost per Center Executive, Year 1 — inside the ₹20,000 cap	₹2.93 Cr Total borne by the department, Year 1–5 — at a 20% average appraisal	₹14,203 Year-1 in hand, plus ₹13,695 annual bonus	₹42 L Saved against the original flat ₹25,000 model
---	---	---	---

A · CENTER EXECUTIVE — MONTHLY COST, YEAR 1

Component	₹ / month	Basis
Basic + DA	13,700	The Jharkhand skilled minimum wage — the legal floor. Nothing below this is payable.
House rent allowance	Nil	Deliberately dropped. Minimum-wage compliance is met by Basic + DA alone, and every rupee of HRA would add ESIC and eat into the travel budget.
Gross wage — on the payslip	13,700	The figure all statutory dues are computed on
EPF, employer share @ 13%	1,781	12% + 0.5% EDLI + 0.5% admin
ESIC, employer share @ 3.25%	445	Unavoidable below ₹21,000 — but it buys family health cover
Statutory bonus @ 8.33%	1,141	Payment of Bonus Act, on the minimum-wage base. Paid annually, provisioned monthly.
Gratuity accrual @ 4.81%	659	Falls due on completion of 5 years
Employer statutory	4,026	29.4% of wage — the load rises as the wage falls, because ESIC and bonus are fixed percentages on a smaller base
Field allowance — capped	2,250	Whatever the ₹20,000 ceiling leaves after wage and statutory. Reimbursed against claim, so it carries no statutory loading.
All-in cost	19,976	Inside the ₹20,000 cap, with ₹24 to spare — Year 1 only, see Section D

What the employee gets	₹
Gross wage	13,700
– EPF, employee @ 12%	1,644
– ESIC, employee @ 0.75%	103
– Professional tax	Nil
Net salary credited	11,953
+ Field allowance reimbursed	2,250
In hand, monthly	14,203
+ Statutory bonus, once a year	13,695
+ ESIC cover for the family	Free
+ EPF corpus built per year	39,456

Professional tax stays nil in Year 1; it activates once wage crosses ₹3,00,000/year.

B · FIELD ALLOWANCE — WHAT ₹2,250 COVERS

Head	Cap ₹/mo	Claim rule
Monthly review meeting — center to district HQ	1,000	One return trip a month by bus or sleeper, at actuals. Fare receipt attached. District HQ, not Ranchi — a Ranchi trip does not fit this budget.
Local field conveyance	700	Ground visits, athlete home follow-up, bank and block office runs — self-declared log countersigned by the center head
Mobile and data	350	Against the recharge or postpaid bill in the employee's name
Center stationery and printing	200	Attendance registers, consent forms, ID printouts — vendor bill
Monthly cap	2,250	Unclaimed balance does not carry forward; settled by the 7th with salary

C · CENTER EXECUTIVE — PROFILE EXPECTED AT THIS BAND

Center Executive				×15 · one per center · ₹13,700 wage + ₹2,250 allowance	
EDUCATION	Graduate, any stream. At this wage, expect to hire mostly fresh graduates rather than experienced MIS staff.		EXPERIENCE	0–2 years. The 1–3 year experienced candidate described earlier will not accept ₹13,700 — recruit for aptitude and train, not for track record.	
MUST HAVE	Comfortable on a smartphone, able to learn laptop data entry and biometric device handling. Hindi fluency essential.		ADVANTAGE	A regional language — Santali, Mundari, Kurukh, Ho — in the tribal districts. Resident of the same block matters more than ever now: a local hire has no relocation or rent to fund.	
OWNS	Daily biometric attendance, kit and ration receipt logging, athlete record updates — and the center's weekly on-time filing, which is the streak the Director sees on the leaderboard.		PAY BAND	Open-market district MIS roles in Jharkhand run ₹14,000–18,000; block coordinator posts (JSLPS, NHM) sit at ₹18,000–25,000. ₹13,700 starts below the open market; the 20% appraisal (Section D) closes that gap fast.	

D • YEAR-WISE COST THE DEPARTMENT BEARS — ₹ LAKH, AT A 20% AVERAGE APPRAISAL

Line	Year 1	Year 2	Year 3	Year 4	Year 5	5-Yr Total
Center Executives — wage (15 persons)	24.66	29.59	35.51	42.61	51.13	183.50
Center Executives — employer statutory	7.25	8.05	8.64	6.37	6.78	37.09
Center Executives — field allowance	4.05	4.25	4.47	4.69	4.92	22.38
State Manager — wage (1 person)	7.20	7.92	8.71	9.58	10.54	43.95
State Manager — statutory + travel allowance	1.18	1.23	1.29	1.35	1.42	6.47
Total outlay	44.34	51.04	58.62	64.60	74.79	293.39
Likely actual, allowance claimed at ~85%	43.62	50.29	57.83	63.77	73.92	289.43
All-in per Center Executive, per month	19,976	23,276	27,007	29,817	34,910	—

HOW THIS WAS BUILT

- Center Executive wage rises **20% a year**; the manager stays at **10%**. Allowance caps indexed **5%** for fare and fuel inflation.
- EPF is restricted to the ₹15,000 statutory wage ceiling from Year 2, when basic crosses it.
- ESIC and the statutory bonus drop off from Year 4**, once wage crosses the ₹21,000 exit threshold. A ₹450/month mediclaim is budgeted from Year 4 to keep cover.
- Manager unchanged: ₹60,000 wage, EPF at the ceiling, ₹6,000/month travel. **The ₹20,000 cap does not apply to this post.**
- Gratuity accrues from Year 1, falls due in Year 5 — roughly **₹9.9 L** across the team (up from ₹8.0 L at 8%, since it scales with the higher wage).

STILL NOT FUNDED HERE

- Attrition.** Lower risk than at 8%, but still budget for turnover in remote districts.
- Recruitment, onboarding and training for each replacement.
- Laptops, biometric devices and workspace at each center.
- Any incentive beyond the appraisal itself — no separate bonus pool here.
- Platform cost (₹6.77 Cr/5 yrs) — separate sheet; this line is additive to it.

THREE THINGS AN HR HEAD MUST PUT IN WRITING BEFORE THIS GOES TO SANCTION

1. A 20% appraisal breaks the ₹20,000 cap in Year 2, not Year 4. All-in cost per Center Executive is already **₹23,276 by Year 2** and **₹34,910 by Year 5** — 75% over the entry cap. ₹20,000 only ever held as a Year-1 entry point, never a standing ceiling. **2. Statutory load now falls as wage rises** — opposite of the 8% scenario. 29.4% of wage in Year 1, ~13.3% once ESIC and the Bonus Act drop off in Year 4. **3. Total 5-year cost: ₹2.93 Cr** — ₹35 L more than the 8% scenario, ₹42 L less than a flat ₹25,000 model. A 20% rate roughly doubles take-home by Year 5 (₹19,976 → ₹34,910 all-in) at a bounded cost to the department.
